(ii) KML Engineering Limited as tenant

Premises : Workshop 12 on G/F of Block B, Workshop 5 on 1/F with Flat Roof of Block B, Workshops 7, 9, 10 and 11 on 1/F of Block B, Workshop 7 on 3/F with Flat Roof of Block B and Car Parking Spaces numbered V20, V25, L33, L37 and L39, Shatin Industrial Centre, Nos. 5-7 Yuen Shun Circuit, Shatin, New Territories, Hong Kong

Rent : HK\$477,920 per calendar month payable monthly in advance (excluding management fees, government rates and government rents which shall be borne by the Tenant)

Basis of determination

The rent payable by the Tenant under the Tenancy Agreement for the 18-month term was negotiated on an arm's length basis with reference to (i) the historical rent paid by the Tenant to the Landlord under the Old Tenancy Agreement; (ii) the prevailing market conditions and the prevailing market rent for similar properties in the vicinity of the Premises at the relevant time; and (iii) the expected increases in the market rent for similar properties for the period from 1 October 2021 to 31 March 2023 with reference to the historical trend of the relevant market rent in respect of the Premises.

Having taken into account of the above factors, the Directors are of the view that the Tenancy Agreement was entered into on normal commercial terms and that the rent payable under the Tenancy Agreement is in line with the prevailing market rate.

RIGHT-OF-USE ASSET

The value of the right-of-use asset recognised by the Group under the Tenancy Agreement amounted to approximately HK\$8.3 million, which is the present value of total rent payable for the entire lease term of the Tenancy Agreement in accordance with HKFRS 16. Discount rate of approximately 5.25% is applied to compute the present value of total consideration payable under the Tenancy Agreement.

REASONS AND BENEFITS FOR ENTERING INTO THE TENANCY AGREEMENT

The Group has been leasing the Premises from the Landlord as its head office and workshops in Hong Kong for more than 20 years. The Company considers that it would be beneficial to lease the Premises as it will enable the Group to secure its stable operation at the Premises without incurring additional costs and expenses in identifying, renovating and relocating to alternative premises and ensure that there will be no disruption to the operations, business and growth of the Group.

The terms of the Tenancy Agreement were determined after arm's lengths' negotiations between the Tenant and the Landlord. The Directors (including the independent non-executive Directors) are of the view the terms of the Tenancy Agreement are entered into on normal commercial terms or better and in the ordinary and usual course of business of the Group, and the terms and conditions of the Tenancy Agreement and the transaction contemplated thereunder are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.

As Mr. KM Luk has material interests in the transactions contemplated under the Tenancy Agreement, Mr. KM Luk had abstained from voting on the resolutions passed by the Board to approve the Tenancy Agreement and the transaction contemplated thereunder. Save for Mr. KM Luk, none of the Directors has a material interest in the transactions contemplated under the Tenancy Agreement or is required to abstain from voting.
